REACH / RoHS REGULATIONS

Re: Irreversible Thermax Standard Labels

The above-named products are non-electronic temperature indicators. Composition varies according to range and type. They are printed laminates composed of self-adhesive films (with modified acrylic adhesives) polyester film or polyimide film (according to type), paper and various organic crystalline waxes or thermochromic liquid crystal.

As part of our on-going commitment in ensuring that we comply with all legislative requirement, we have implemented the full requirements listed under the REACH Directive.

The products comply with REACH Annex XIV (Authorisation List)

The products comply with REACH Annex XVII (Restricted List January 13th, 2021)

The chemicals present are, non-hazardous and comply with RoHS 3 (EU2015/863), WEE and Reach directives.

In terms of the complete SVHC list, as updated 8th July 2021, we are happy to confirm that all the named products supplied by TMC do not contain any chemicals as listed on SVHC.

The SVHC list can be obtained at the following:

<https://echa.europa.eu/candidate-list-table>

We trust that the above meets with your requirements and should you require any further clarification then please do not hesitate to contact us.

Thanking you in advance

Yours sincerely

pp Chris Chapman
Laboratory Manager
