REACH / RoHS REGULATIONS

Re: Standard Thermax Irreversible Temperature Labels

The above-named products are non-electronic temperature indicators. Composition varies according to range and type. They are printed laminates composed of self-adhesive films (with modified acrylic adhesives) polyester film or polyimide film (according to type), paper and various organic crystalline waxes.

As part of our on-going commitment in ensuring that we comply with all legislative requirement, we have implemented the full requirements listed under the REACH Directive.

The products comply with REACH Annex XIV (Authorisation List)

The products comply with REACH Annex XVII (Restricted List 10th February 2022)

The chemicals present are, non-hazardous and comply with RoHS 3 (EU2015/863), WEE and Reach directives.

No CMR, Mutagenic or toxic to reproduction chemicals and endocrine disruptors as restricted under EU MDR Restricted materials Scope are present.

In terms of the complete SVHC list, as updated 27th June 2024, we are happy to confirm that all the named products supplied by TMC do not contain any chemicals as listed on SVHC.

The SVHC list can be obtained at the following:

<https://echa.europa.eu/candidate-list-table>

We trust that the above meets with your requirements and should you require any further clarification then please do not hesitate to contact us.

Thanking you in advance

Yours sincerely

pp Chris Chapman
Laboratory Manager
